Cost per Sq Ft for the ACS Thermal Break Clip

In this case example, we based our cost on 100 sq. ft. of wall space with a 4" clip. The sq. ft. cost will vary depending on the vertical spacing required for the ACS Clip System.

Canadian Cost when using the "S-Clip" or "A-Clip".

ACS Solid Clip (S-Clip) 4"

Vertical spacing of clip	100 sq. ft. of wall	Cost per Sq. Ft.
2' on centre	37 clips	\$2.17
3' on centre	25 clips	\$1.47
4' on centre	19 clips	\$1.11

ACS Adjustable Clip (A-Clip) 4-5"

Vertical spacing of clip	100 sq. ft. of wall	Cost per Sq. Ft.
2' on centre	37 clips	\$2.89
3' on centre	25 Clips	\$1.95
4' on centre	19 clips	\$1.48

Disclaimer:

This is assuming that the spacing of the clips is typical throughout the whole building. There is no consideration for any penetrations, doors, windows or stopping and starting of the assembly due to façade layout etc.
